

# Emergency First Aid in Schools

One day course

★ Health & Safety Executive compliant

This course is fantastic for KS1 & KS2 Schools, giving confidence with often worrying topics such as Anaphylaxis and Asthma. It'll well prepare you for an emergency situation both in and out of school - and centres around building an emergency plan, ready to quickly kick in should an emergency arrive!

## Loved by

This course is available for groups at your school and covers all the essentials you need for Emergency First Aid.

## We'll cover...

- + Emergency Actions
- + Child, Baby & Adult Basic Life Support (CPR)
- + Child, Baby & Adult Choking
- + How to use a defib (AED)
- + Asthma
- + Anaphylaxis & Adrenaline Auto-Injectors (including Epipens)
- + Unconsciousness & Recovery Position
- + Bleeding & Burns
- + Seizures & Fitting
- + First Aider Responsibilities

## Great to know

- + Settings that need to comply with the Early Years Foundation Stage Statutory Framework should assess their needs and should consider training their team on the 2 day full Paediatric First Aid Course.
- + This course is also HSE compliant.
- + Each delegate will get a certificate valid for 3 years.
- + This course is a fun and interactive workshop, with lots of time for practice and questions. There are no formal tests.
